PEOPLE PLACES ADVENTURES

THE WORLD IS SO BIG - THERE IS STILL SO MUCH TO DISCOVER

Our teams travel by train from Berlin to Odessa, accompany Indian yogis on a snake hunt, report from Rio de Janeiro about the splendour and the misery beneath the Sugar Loaf mountain. We will not only present unique regions or landscapes, but also people who manage to master their lives in unusual ways. The reports lead us to unexplored locations, present the lives of foreign peoples and illustrate interesting cities and dream destinations.
